BRAIN INNOVATION DAYS 2026

17•18•19 NOVEMBER 2026
BRUSSELS, BELGIUM

WHAT ARE THE BRAIN INNOVATION DAYS?

The concept of the Brain Innovation Days, led by the European Brain Council, is to enhance multi-stakeholder engagement in the brain ecosystem to foster dialogue, exchange knowledge, accelerate investment in research and innovation, facilitate business development and showcase on-going work. This event, and the community built around it, is the platform to boost interaction, facilitate knowledge exchange and business development, connect the dots with key people, potentiate investments, foster dialogue and showcase ongoing innovation and progress being made in the space, particularly in Europe.

What is in it for you?

- Position your company/organisation as an innovator and market leader
- Contribute to the development of the brain sector
- Showcase your research and activities
- Make an impact: get a seat at the table with other leaders in the European brain ecosystem

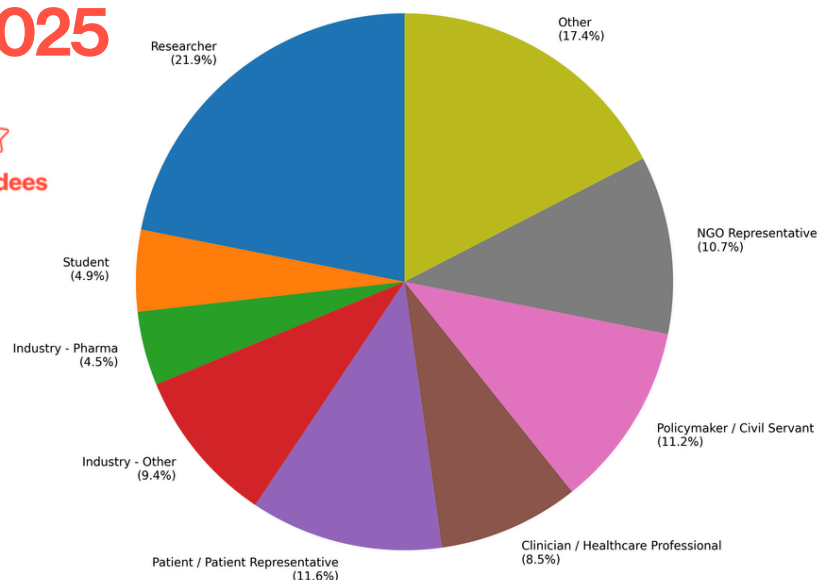

Herein you will find a wide array of sponsorship opportunities to be part of making the next Brain Innovation Days a success!

PACKAGES

Innovation Package

We are always open to hearing new and innovative ideas on how you'd like to get involved! True to the spirit of the Brain Innovation Days, we believe the best partnerships are born from original thinking.

Whether you're envisioning an interactive exhibition, a curated workshop, a live podcast recording of a Brain Talk episode on stage, or something else entirely – we'd love to sit down with you to co-create something that genuinely reflects your company's goals. Big idea or small, don't hesitate to reach out and explore what's possible together.

Don't hesitate to reach out to the team at info@braininnovationdays.eu

ABOUT THE ORGANISERS

The Brain Innovation Days are led by the European Brain Council (EBC), a non-profit organisation based in Brussels with the mission to promote brain research with the ultimate goal of improving the lives of the millions of Europeans living with brain conditions. The leading network of key players in the “Brain Area”, EBC is made up of a membership encompassing scientific societies, patient organisations, professional societies and industry partners, speaking with one voice as a platform to foster cooperation and promote dialogue between scientists, industry and society. This wide network and reach is optimal for the Brain Innovation Days, which aims to connect the community more closely, with the vision to boost and accelerate the pace of innovation in the brain space. The design of the annual programme and all related activities is undertaken by the EBC Team in partnership and under the guidance of EBC's Members and associated partners.
